■ Just a reminder that volunteers are allowed a free snack and drink when on duty. ☺

■ We realize that some people do not want to miss any of the church service when volunteering however, the café needs to be cleaned up once the service begins. A suggestion might be that 2 people from your team stay to clean up café when service begins and 2 different people on your team leave the service 10 minutes early to setup café. Each team can decide what works best for them.
